

COMPANY PROFILE

INTEGRAL SYSTEMS AND COMPONENTS PVT LTD is one of the leading ISO 9001:2008 certified manufacturers, suppliers and exporters of MIL Grade, Professional Grade Switches and Electro Mechanical components that are widely used in Telecommunications, Industrial and Defence applications.

The company was established in the year 1979, since then the company's strengths have been in the area of Research and Development and Engineering Design. The company has an excellent tooling facility which is the backbone of any component industry. Documentation is given maximum priority with a very good feed back system from Marketing and Production for continuous improvement in the Products and Services

Our Quality Policy

We at INTEGRAL are committed to meet Quality and Customer requirements by continually improving our performance and Quality Management System to enhance Customer Satisfaction.

Our Product Range

- Key Switches
- Toggle Switches
- Rocker Switches
- Paddle Switches
- Rotary Switches
- CAM Operated Rotary Switches for CNC Machines
- Micro Switches
- Snap Acting Switches
- Push button Switches
- Illuminated Push button switches
- Thumb / Push Wheel Switches
- Lamp Holders and specific to type Electro-Mechanical, Electronic & Moulded Components

Apart from the above, the company excels in customizing the standard products to meet the customer's requirements and specifications. The company also assists in re-designing and indigenizing product requirements

The company has succeeded in development and production of a variety of **Sub-Systems for the Air Force** which include Starter Control Panel, Intercom Units, Practice Bomb Dropping Unit, Rocket Pod Distributor, Stall Warning Unit, Fatigue Meter for various Air Crafts like HJT 16(Kiran), Jaguar etc., and also we have developed and produced highly specialized switches for Sea-Harrier Air Craft and Missile Control Panel for Jaguar Aircraft.

Hardware like Cockpit Lamp holders, Warning Lights and Switches, are being supplied for the Helicopters and MIGs.

The company had received awards from HAL Bangalore and HAL Nasik for indigenization of critical stores for Jaguar and MIGs.

Today we have over 800 satisfied OEM customers including major Public Sector Undertaking Units spread across the country. We have supplied over a million switches to Electronic Corporation of India Limited [ECIL] and Bharat Electronics Limited [BEL] for Electronic Voting Machines [EVMs.]. All this is made possible by a professional, dedicated and enthusiastic team putting in their best efforts in all aspects of Design, Tooling, Manufacture and Marketing.
